

About the Author

Teri Perl, Ph.D., designed the games in Gertrude's Puzzles. A leading mathematics educator, she has extensive experience as a writer and designer of creative learning materials. Prior to joining TLC, Dr. Perl worked extensively with children and teachers exploring new approaches to mathematics education. She earned degrees from Stanford University and Brooklyn College.

The Learning Company is widely regarded as the pioneer in computer learning software. The company was founded by educational psychologist Dr. Ann Piestrup and the roots of the company remain grounded in educational theory. All TLC software programs are evaluated by its team of educational authorities and are extensively tested with children for their playful format and learning value. The company remains committed to providing children with software that teaches conceptual learning, logic and problem solving — skills that are needed for the computer age.

The Learning Company™

GERTRUDE'S
PUZZLES

Help your child develop abstract thinking skills in the animated world of Gertrude, the go-getter goose. Children solve complex logic puzzles using colors and shapes. They can even design playing pieces with Gertrude's graphics editor. Open an enchanting world of learning for your child. Ages 8–13.
